

minutes of 28-02

deadlines:

- friday: backlog final, do this after meeting
- friday: git assignment
- 10 march: commit meaningful code

announcements:

- main branch won't be protected, its best to use commit through terminal
- actually coding: Friday 9:30 getting together, at the tu library. make sure to have your environment setup and know how to use it.

backlog and code of conduct needs to be changed, feedback is on gitlab.

make sure to read the feedback.

make sure to study the issues.

next chairman: Marco

next minute-taker: George
